Reef

Rustic Beige

Sand Beige

Sand Castle

Stormy Blue

Tuscan Sky

Vanilla Crush

## Ruby collection

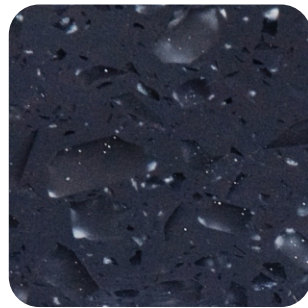

Champagne\*

Cotton Crystal\*

\* These colours contain a fine glitter\*

Charcoal Quartz

Galaxy\*

### SURINNO COMPOSITION

Surinno is manufactured according to international solid surface standards and is an unsurpassed blend of engineering expertise and design innovation, utilising industry proven formulations of an acrylic modified polyester resin system, natural minerals, pigments and inert fillers.

### NON-POROUS

Unaffected by fluctuating moisture ingress and humidity. Surfacing is for all practical purposes 100% non porous.

### CONSISTENT

Finished composites and moulded shapes are consistent in composition, colour and pattern.

### HYGIENIC

The non-porous composition and fabrication technology applied to achieve seamless joints prevents mould, bacterial and microbial growth.

### STAIN RESISTANT

Surinno will be undamaged by most household staining agents and laboratory chemicals. Grease leaves no after trace because of its non-porous properties.

### LOW MAINTENANCE

A daily wipe using a non-abrasive cleaning agent is all that is required to keep the surface clean.

Printed representation of colours may vary from actual product

### Sheet sizes

3050 x 760 x 12mm

3050 x 900 x 12mm

(Different thicknesses available on request)

# SURINNO®
